Abstract

This paper presents the results of the WNUT15 shared tasks, which included a text normalization task and a named entity tagging task. Both ... Twitter data ... [To Add, participation of each task; new datasets annotated etc.]

1 Introduction

For the 2014 ACL-IJCNLP Workshop on Noisy User-generated Text, we organized two shared tasks, a noisy text normalization task (§2) and a named entity tagging task (§3). In the normalization task, participants were asked to

2 Normalization of Noisy Text
